

Plug

The USB double socket with a total charging current of 3600 mA guarantees reliable charging of electronic devices that can be charged via 5 V USB.

ging of electronic devices that can be charged via 5 V USB.

Number of Poles: 1
Material: Plastic
Info: with bush
 with overvoltage protection
 Electromagnetic Compatibility (EMC)
 with overheating protection
 with hot wire protection
 with fuse
 with tie rod

Version: USB-A / USB-C
Connector: with USB socket
Output voltage 5 V
USB:
