Dear Sir or Madam,

The aforementioned operating fluid complies with the requirements of the Mercedes-Benz Specifications for Operating Fluids, sheet 235.1 and is therefore approved for the respective Mercedes-Benz vehicles and assemblies. The application range is shown on the MB sheet and further defined on the sheet 231.2. Further requirements, e.g. SAE grades, capacities, change intervals etc. must also be observed.

The following regulations apply for the MB-Approval:

- The MB-Approval comes into force on the date shown on this certificate
- The MB-Approval automatically terminates on expiry of the validity period at the latest
- Applications for renewals or new approvals etc. must be made in good time
- The MB-Approval is only valid as long as the product name is listed in MB BeVo-ONLINE
<http://bevo.mercedes-benz.com>
- In addition, the regulations laid down in the "Obligations Regarding Approval for Operating Fluids" contract signed on 29.08.2017 apply.

A 2-liter back-up sample of each formulation, which can be called upon by Daimler AG at any given moment, must be retained for at least 3 years. We will inform you of the dispatch address.
