

Scented disk

Powerful active ingredient – scent concentrate

Scented disk with long-lasting effect – smells like a dangerous predator to the marten. The practical hook is easy to use and offers a range of fastening options. For universal use in cars, homes, gardens or carports. The large evaporation area ensures a strong scent release. The engine compartment can be protected with just a single scented disk.

Effective for at least six months. Inexpensive, easy-to-use solution. Tab with expiration date makes timely replacement easy.

Strongly recommended before using marten repellents – STOP&GO odour remover, item code 07503.
