

Anti-marten spray

Powerful active ingredient – scent concentrate

Sprayable marten repellent. Concentrate with long-lasting effect – smells like a dangerous predator to the marten. No need for extensive spraying of all vulnerable parts. Simply affix the included scent reservoirs in selected areas and spray regularly with scent concentrate. For universal use in cars, homes, gardens or carparks.

Strongly recommended before using marten repellents – STOP&GO odour remover, item code 07503.
