STARTER MOTORS & ALTERNATORS

If the starter motor you are returning for surcharge credit shows signs of a broken plug/damaged plug this will **not** be accepted for full surcharge credit. Please check before supplying the new replacement alternator and accepting any old unit.

Only a HALF SURCHARGE credit will be raised if an old unit is returned with a broken/damaged plug.

This part is not covered under a 'No-Quibble' Warranty, and must be returned back to the manufacturer for assessment in the event of premature failure. If the manufacturer is satisfied the claim is a genuine warranty and failure has occurred due to a manufacturing defect only then will a Credit be raised.

Your statutory rights are unaffected.
